

MiSEN on behalf of Chippewa Hills School District  
“Chippewa Hills FY26 WAN Connectivity RFP”  
Addendum #1 dated December 16, 2025

**Applicant Name:** Michigan Statewide Educational Network (MiSEN) on behalf of Chippewa Hills School District

**Title:** Chippewa Hills FY26 WAN Connectivity

**BEN:** 17007965

**FCC Form 470 #:** 260004833, “MiSEN 2026-C1 Chippewa Hills Connectivity”

**Procurement Contact:** [info@MiSEN.org](mailto:info@MiSEN.org)

An Engineering and Sales Bidder’s Conference was held on December 9, 2025, at 9:30 am ET via video conference. Attendance was optional for potential bidders. The following questions were asked and answered at the conference:

**Q1.** The RFP referenced hub-and-spoke and ring topologies. There are significant differences in the design aspects and cost. Can you elaborate on the desire for a ring topology?

**A1.** The applicant is not prescribing any one network topology. Bidders are welcome to propose multiple design options, and each will be evaluated independently. Price will be the single, highest-weighted evaluation factor, along with additional subjective factors.

**Q2.** Can you confirm the Middle School is the desired hub location?

**A2.** Answer: Yes, the Middle School is the desired hub location for the three elementary schools. It was clarified that the HS and MS are on the same campus.

**Q3.** Can you provide the link to the [E-Rate Productivity Center/EPC] Portal?

**A3.** <https://portal.usac.org>

---

**Clarification:** All RFP documents are posted both on the MiSEN website and in the EPC Portal attached to the Form 470 #260004833. Link to the RFP on the MiSEN website:
